APPROVED AND ADOPTED

April 3, 2012

- F. The State Heat & Frost Insulation Apprenticeship Advisory Committee generally meets at least twice each year and their membership includes equal numbers of employer and employee members who have been nominated by organizations involved at the local committee level
- G. The committee operates on a consensus based decision-making process. This means that there may be concerns after discussion, but the committee members may consent to the proposal anyway and allow it to be adopted. Therefore, reaching consensus does not assume that everyone must be in complete agreement, but that all members can live with the decision. When the committee cannot reach consensus, the BAS will make the final decision.
- H. The Bureau may remove a person from membership on a committee for one or more of the following reasons:
 - (1) Failure to attend at least 75% of the committee meetings over the term of the appointment, unless excused by the Bureau for good cause.
 - (2) Failure to meet the membership requirements under paragraph II C unless an exception is granted under II D as noted above.
 - (3) Violation of any state apprenticeship statute, rule or standard.
- I. Vacancies may be filled, or representatives changed in term, at the request of the appropriate association.

IV. Personnel of Local Committees

Local Apprenticeship Committees, either joint or non-joint, are created much the same as State Heat & Frost Insulation Apprenticeship Advisory Committee. Each local committee has a minimum of four (4) voting members, generally comprised of employer and employee members.

- A. Multi-trade local committees are authorized provided that at least one member of the committee is a member of the apprentice's trade that is being reviewed.
- B. The BAS requests nominations from associations that have apprenticeship programs and employer/employee organizations that participate in the Wisconsin apprenticeship program.
- C. Joint apprenticeship committees have equal numbers of employer and employee representatives.
- D. Employer members must currently work at the trade or represent those who employ skilled workers of the trade and have trained apprentices in the last five years. Local employer organizations representing contractors who employ journeyworkers and apprentices at the trade will nominate employer members.
- E. Employee members must be active journeyworkers or represent active journeyworkers. Local Labor Organizations representing skilled workers in the area will nominate employee members.
- F. Non joint apprenticeship committees consist of a minimum of four voting members that consist of representatives of employers that participate in Wisconsin's Apprenticeship program. When there is no area employer organization, the BAS will request the state-wide employers' organization or state trade apprenticeship committee to assist it in locating qualified employers to serve.
- G. Exceptions to these requirements can be made by the BAS in order to expand female and minority participation on the committees.
