Briefly describe the assessment process.

Work Site Observations - Work site A:

Work Site Observations - Work site B:

Work Site Observations - Work site C:

Long-Term Employment Goals:

Short Term Employment Objectives:

1. First step
2. Second step

Weekly Hours of Work Desired / Scheduling Considerations:

Vocational Strengths: (Include skills, interests, positive supports, relevant life experiences, education, training and personal qualities as they relate to employment goals.)

Employment Barriers: (Describe factors which limit the individual's ability to seek and maintain employment on their own plus barriers to keeping a job.)

Recommended Strategies and Resources Needed to Achieve Employment Goal:

- Nature and Intensity of Supports: (Describe supports needed for job development, on the job and off the job).
  
- Recommended Potential Worksites in Community:

- Description of Services Required: (Include who will be responsible for each service and estimate the length of each service.)
- Estimate of Supports Needed Upon Achievement of Job Stability: (Project the level of long-term vocational support needed in terms of hours per week or percent of hours worked).
- Description of Long-Term Support Options: (Include potential natural supports, Employer, co-workers, family or friends, PASS/IRWE, private pay, COP, CIP, Family Care, CSP MA-Billable Services, County Human Service funding or other resources.)
