Subject: Workforce Investment Act Policy Update 13-08, Change 1: Lower Living Standard Income Level for 2013

Purpose:
To provide updated information pertaining to Metropolitan Statistical Areas (MSAs) in the State that impact the Workforce Investment Act (WIA) Lower Living Standard Income Levels (LLSILs), which are used for determining eligibility for youth and for certain services for adult and dislocated worker participants.

The changes from WIA Policy Update 13-08: LLSIL for 2013 issued July 26, 2013 include taking out Column C in the 70% and 100% LLSIL Charts on page 2, adding Green County to the Madison MSA on page 3, and adding the Counties in WI that are included in MSAs in other states on page 3.

Note: Local boards may use 100% of the Federal Poverty Level or 70% of the LLSIL when determining low income eligibility for WIA youth.

Background
One of the eligibility criteria for the youth program is that the youth must be low income. The WIA Adult program does not require participants be low income unless the Workforce Development Board (WDB) has determined that there are limited funds for intensive and training services. When such a determination has been made, the local area may establish criteria to meet the needs of the specific groups within the local area. If this priority of service is in effect in a Workforce Development Area, Federal laws require that certain groups, including veterans, recipients of public assistance and other low-income individuals, be provided services. One of the criteria for determining a "low income individual" is family income at 70% of the LLSIL. For federal reporting purposes, low income status must be reported for youth and adult participants. For reporting purposes, this means that the individual received an income, or is a member of a family that received a total family income, for the six-
month period prior to program participation that, in relation to family size does not exceed the higher of (a) the poverty line, for an equivalent period, or (b) 70% of the LLSIL level, for an equivalent period.

The LLSIL may vary according to location in the state:

**COLUMN A** is for the metropolitan statistical areas (MSAs) of the state and those counties that are a part of a MSA in another state.

**MSAs in WI:**
- Appleton (Calumet and Outagamie Counties), Eau Claire (Chippewa and Eau Claire Counties), Fond du Lac (Fond du Lac County), Green Bay (Brown, Kewaunee and Oconto Counties), Janesville-Beloit (Rock County), LaCrosse-Onalaska (LaCrosse County), Madison (Columbia, Dane, Green and Iowa Counties), Milwaukee-Waukesha-West Allis (Milwaukee, Ozaukee, Washington, and Waukesha Counties), Oshkosh-Neenah (Winnebago County), Racine (Racine County), Sheboygan (Sheboygan County), and Wausau (Marathon County)

**Counties in WI that are a part of another State’s MSA:**
- Douglas, Kenosha, Pierce and St. Croix.

**COLUMN B** is for all other counties not part of a MSA listed in column A. These counties are considered non-metropolitan.

**NOTE:** Several WDBs have both metropolitan and non-metropolitan areas within their boundaries and based on the applicants most current address, must apply the appropriate number in Column A or B.
