Projects of public works with total estimated costs of completion that equal or exceed the following single or multiple-trade thresholds require a prevailing wage rate determination.

**SINGLE-TRADE THRESHOLD**
A “single-trade project of public works” means a project in which a single trade accounts for 85% or more of the total labor cost of the project.

The single trade threshold is $48,000.

**MULTIPLE-TRADE THRESHOLDS**
A “multiple-trade project of public works” means a project in which no single trade accounts for 85% or more of the total labor cost of the project.

(a) The multiple-trade threshold is $100,000, unless a municipality falls under the description in (b).

(b) The multiple-trade threshold of $234,000 applies to public works projects erected, constructed, repaired, remodeled, or demolished by a private contractor for:
   - a city or village with a population less than 2500, or
   - a town
