Notes:

(1) Employment is a count of jobs rather than people, and includes all part- and full-time nonfarm jobs. Employment does not include jobs among self-employed, unpaid family, or railroad workers. Employment is rounded to the nearest ten, with employment less than five rounded to zero. Totals may not add due to rounding.

(2) An estimate of non-covered employment is included in NAICS 8131 (Religious Organizations), but not in any other industries.

(3) Government employment includes tribal owned operations, which are part of Local Government employment.

Information is derived using 2006 CES and 2006 QCEW data. Unpublished data from the US Bureau of Labor Statistics and the US Census Bureau is also used.

To the extent possible, the projections take into account anticipated changes in Wisconsin's economy from 2006 to 2016. It is important to note that unanticipated events may affect the accuracy of the projections.
