

Do you need help paying for health insurance? *The Health Coverage Tax Credit may be for you.*

You can reduce your health insurance premiums by 72.5% for you and your family with the HCTC. It's important you act quickly to find out if you can receive this federal tax credit.

How do I become eligible?

You will need to:

1. Apply for **Trade Adjustment Assistance (TAA) benefits** at your local employment, One Stop, or Career Link office.
 - **TAA recipients** – The HCTC is available to TAA recipients who are receiving a Trade Readjustment Allowance (TRA) or are in an approved break in training, or receive Unemployment Insurance (UI) in lieu of TRA, while otherwise eligible for TRA. TAA recipients also must meet eligibility deadlines for enrollment in TAA-approved training or receive a written waiver to maintain HCTC eligibility.
 - **RTAA recipients** – The HCTC is also available to Reemployment TAA recipients.
2. Keep or obtain a qualified health plan. The most common types include:
 - A **COBRA** plan through your or your spouse's employer where you pay more than 50% of the monthly premium.
 - A **state-qualified health plan**. For a list of state-qualified plans in your state, please go to www.irs.gov/hctc and click on the "HCTC Quick References" link.
 - **Coverage through your spouse's employer** where your spouse pays more than 50% of the total monthly premium with after-tax dollars.

How do I register for the monthly HCTC program?

1. Look for the HCTC Eligibility Kit in the mail. It should arrive a few days after we receive notification from your state that you are eligible to receive the HCTC.
2. Read the Eligibility Kit carefully to see if you are eligible and if your health plan qualifies.
 - Most COBRA plans qualify.
 - If your health plan does not qualify, or if you are uninsured, your state may offer a health plan option that qualifies for the HCTC. Visit www.irs.gov/hctc for more information about qualified health plans.
3. Complete the HCTC Monthly Registration Form and mail it along with all required supporting documents to the HCTC Program.

How do I receive the HCTC?

- **Monthly HCTC:** As a monthly participant, you pay 27.5% of your qualified health insurance premiums to the HCTC Program each month. The HCTC Program then adds 72.5% and sends the full payment to your health plan.
- **Yearly HCTC:** You also can receive the HCTC as a yearly tax credit by making full payments directly to your qualified health plan throughout the year, and then claiming the HCTC on your federal income tax return.
