

ASSET Changes Implemented

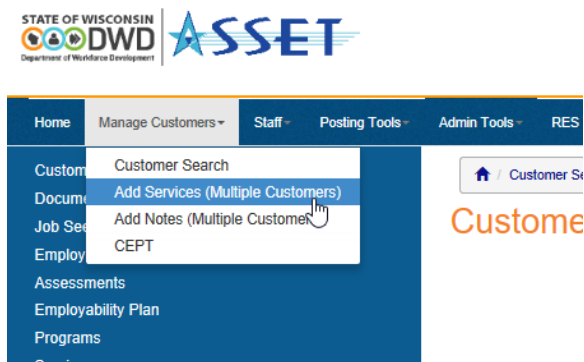

The following changes to ASSET will be implemented on **October 1, 2020**.

Document Management

ASSET Approver and QA Reviewer roles can both now upload documents to a customer record.

Service Changes

- Fixed Proxy Services using the "Add Services (Multiple Customers)" option:

Proxy services are now recorded individually for selected customers.

- Added a required field to the Apprenticeship Training Service to capture type of training (classroom, OJT or both):

* Training Schedule Type: ☐ Full Time ☐ Part Time ☐ Both

* Type of Training Funded: ☐ Classroom ☐ OJT ☐ Both

* Training from Program Operated by Private Sector: ☐ Yes ☐ No ☒ No Response

* Distance Learning: ☐ Yes ☐ No ☒ No Response

* Pay-For-Performance: ☐ Yes ☐ No ☒ No Response

- Changed the definition of "Information about Eligible Training Programs (ETPs)" service:

Information about Eligible Training Programs (ETPs)	The State list of eligible training providers (including performance and cost information) was given to the customer.
---	---

Definition was edited to remove text to match WIOA requirement "The State or local WDA list of eligible training providers (including performance and cost information) was given to the customer."

Customer Notes

Career Planners now can mark any Customer Notes as confidential at any time:
