

ASSET Technical Bulletin

ASSET Changes – Will be deployed on October 24, 2023

Wagner-Peyser and RESEA changes

- The Wagner-Peyser program now includes an "Import Military Data from Customer" selection box. If manually creating the program or correcting incomplete or outdated information, this checkbox will save the Military Data values from the Customer Record to the Program Record for you.

* Veteran status:

☒ **Wagner-Peyser**

☐ **Import Military Data from Customer**

Income Level:

* Active Duty Military Spouse: ☐ Yes ☐ No ☒ No Response

- Issues with taking case assignment through RES-specific methods have been resolved

New service available for T1 Adult and DW programs

- A new service is available for the T1 Adult and DW programs called "Support for Training". This service tracks financial assistance given participants to support training.

Support for Training	Assistance with training-related expense(s) other than tuition. Includes, but is not limited to, educational testing, textbooks, school supplies/materials, exam/licensing fees, internet/technology costs, etc.
----------------------	--

- Career Planner is restricted from entering this service if there is no T1 participation date, and a tooltip with reason for inactivated service will display:

Customer Search / Customer Details / Services Summary / Add Service

Service Eligibility
