

ASSET Changes Implemented

The following changes to ASSET will be implemented on **February 7, 2024**

Adding UI Wage Data to the Customer Record in ASSET.

Below is the list of fields added to view wage details:

- Employer Name
- NAICS Code
- FEIN Number
- Quarter
- Quarter Wage

The screenshot displays the ASSET Customer Details interface. On the left is a blue sidebar with a menu including 'Customer' (highlighted), 'Case Team', 'Documents', 'Job Seeker', 'Employment', 'Assessments', 'Employability Plan', 'Programs', 'Services', 'Services (New)', and 'Exits'. The main content area has a breadcrumb 'Customer Search / Customer Details' and a title 'Customer Details'. Below the title are 'Save', 'Delete', and 'Event History' buttons. A tabbed interface shows 'Contact Details', 'Demographics', 'Military Service', 'Case Management Info', 'Job Center of Wisconsin', and 'UI Data' (selected). Under 'Contact Information', the 'UI Wage Data' tab is active, showing a warning: 'UI Data may not be redisclosed to parties outside of DET without written approval from UI. The ASSET User may face criminal charges if they intentionally redisclose UI Data without the appropriate approval or if they intentionally use the UI Data for unauthorized purposes.' Below the warning is a search bar and a table with the following data:
