

ASSET Technical Bulletin

The following change to ASSET is implemented on July 26th, 2024.

With this project, the participants will now be assigned to their RESEA Sessions (Work Ready, RESEA, RESEA PLUS) depending on the assignment score they get after completion of their assignment on JCW.

- The Friday batch run JJ1759 will give the list of participants. These participants then go to JCW to complete their Orientation and Assessment. On completion on Assessment, a score would be generated on ASSET, thereby assigning them into the relevant pool (Work Ready, RESEA, RESEA PLUS). The participants would then be able to enroll for sessions on JCW based upon the group they are assigned.

Work Ready – The participant put under this pool will have no further requirement.
