

July 25, 2019

Mr. George Hinton
Chief Executive Officer
Social Development Commission (SDC)
1730 West North Avenue
Milwaukee, WI 53206

Dear Mr. Hinton:

Milwaukee Area Technical College (MATC) is pleased to support Social Development Commission (SDC) in its application for the U.S. Department of Labor's YouthBuild program. We have enjoyed a long-standing, mutually beneficial partnership with your organization which has resulted in successful GED/HSED classes for hundreds of Milwaukee area residents.

MATC is proudly diverse and takes pride in offering students a variety of pathways to earning a high school diploma and later enrolling in college. We provide SDC with instructors and equip the Learning Labs with computers and software. Thus, the college is committed to supporting classroom instruction through an in-kind contribution of GED/HSED instructors valued at \$138,000 and technical support of \$75,000. This commitment is based on projected enrollment and services and we reserve the right to adjust the amount as enrollment changes.

Milwaukee Area Technical College believes in this project and is pleased with the partnership that is committed to educating, supporting and enhancing the ability of community members in furthering their education and expanding their opportunities.

Sincerely,

Vicki Martin, Ph.D.
President
