

# BACHELOR OF ARTS IN APPLIED PSYCHOLOGY

## PSYCHOLOGY FROM A CHRISTIAN PERSPECTIVE

The BA in Applied Psychology connects to the mission of Concordia University by contributing to the development of students, primarily adult learners, in mind, body, and spirit for service to Christ in the area of psychology. Integrating a Biblical worldview is important as psychology has applications to everyday life that can make a positive impact on individuals and communities. In CUWAA's Applied Psychology program, students will develop stronger research skills (such as being able to assess the literature), improve critical thinking skills, deepen their knowledge of the various subfields, explore ethical issues in this field, have opportunities to serve others, and gain valuable experience and skills to prepare them for the job market and/or apply for a variety of graduate programs.
