To Whom it May Concern,

I am privileged to write in support of Charlene Burnett and Alliance Health Care accreditation. Charlene has a contract with Matters of the Spirit to allow students to work in our AODA outpatient Laboratory to collect and process specimens. She has partnered with our laboratory for close to two years, during which time I witnessed her tremendous growth and development.

Charlene enjoyed the opportunity to learn from her older peers. Charlene quickly learned to manage her time under strict deadlines, and to recognize the importance of a strong work ethic, persistence, and intellectual integrity. She has long since become an asset to her students and the profession.

I recommend Charlene and Alliance Health Care for your accreditation program. She has made me proud, as his partner, teacher and friend, and I am sure she will continue to do great things with her program.

If you have any questions, I can be reached at 414-763-7671.

Sincerely,

Tina F. Sanford, Therapist
