The Bureau is calling this meeting, at the request of Committee members, to discuss whether to further modify the Apprentice to Journeyworker Ratio in the State Apprenticeship Standards for the Construction Craft Laborer Industry. The ratio governs how many journeyworkers an employer must employ per apprentice. Members preferred to discuss the matter during the work season rather than at the next scheduled Committee meeting on October 9.

Given the limited scope of the agenda, BAS is convening the meeting via webinar. All State Committee meetings abide by the Wisconsin Open Meeting Law. Guests are welcome to listen to the call. Therefore, BAS is following the same notification procedure for regular state committee meetings: the notice has been emailed to all State Committee members, guests, consultants, Wisconsin Technical College Coordinators and Bureau staff; and posted on the BAS website, www.wisconsinapprenticeship.org.

TENTATIVE AGENDA

1. Call to order (open meeting).
