May 31, 2016

Southern Wisconsin Foods will be closing its restaurant in Milton at 740 East St. Mary St. The last day of business will be July 31, 2016. At that time, our franchise agreement is up with Burger King Corporation and we have elected not to renew it. Burger King Corporation is working with other Burger King franchise groups in the hopes that they can find a group willing to keep it open, but it is too early to discuss any progress they may or may not be making.

At present the Milton Burger King employs one full time manager, 9 full time crew members, and 10 part time crew members. All employees will be offered transfers to Burger King locations in Fort Atkinson, Janesville, Oregon or Madison. Or, if one would choose, there are other locations throughout Wisconsin that we could arrange a transfer to. We understand that we do not meet the legal requirement for reporting this closure, as our workforce is too small, but wanted the Department of Workforce Development and the mayor of Milton to be aware.

Sincerely,

Paul Dobbel,
Southern Wisconsin Foods
