RE: Notice of Business Closing

Dear Members of the Dislocated Worker Unit:

OEMMCCO, Inc. will be permanently closing its facility at 9606 58th Place, Kenosha WI 53144. The closure has been prompted by the company's decision to discontinue the product line manufactured at that location.

This action is expected to result in the permanent termination of 49 employees – 5 salary and 44 hourly positions; see the attached Appendix for a breakdown by position. The company expects to terminate these employees on March 31, 2020. These employees are not represented by a collective bargaining unit agent.

Please note that it is impossible to predict with certainty the exact order in which individual employees will be separated. The company will ensure that employees will be paid all earned wages and agreed upon benefits through their termination date. All the employees have received notification of this permanent plant closing and the date of this closing.

If you need additional information, please contact the undersigned.

Sincerely,

Tom Strachan
President
OEMMCCO, Inc.
