Hello Representative,

I do not believe that we are covered under the WARN regulation(s) because we are furloughing 49 employees in our Foundry only for **one week; April 20th through April 24th**. Of the 49 employees, three (3) are Illinois residents.

However, I thought I should send as a notification that this will occur.

If any additional information is required, please contact the undersigned. Thank you for your consideration during these turbulent times.

Wishing everyone to stay safe.

Regards,

Patricia A. Vago, PHR, SHRM-CP
