Re: Notice of Workforce Reduction

To Whom It May Concern:

BRP US Inc. ("**BRP**") is writing to provide you with notice of a mass layoff at its Sturtevant, Wisconsin facility located at 10101 Science Dr, Sturtevant, WI 53177. This notice is provided in accordance with the Wisconsin Business Closing and Mass Layoff Law, Wis. Stat. § 109.07 ("**WBCL**") and the Federal Worker Adjustment and Retraining Notification Act, 29 U.S.C. §§ 2101-2109 ("**WARN**").

This layoff is the result of BRP and affiliated companies re-orienting and reorganizing global marine production, which will result, in the case of the Sturtevant facility, in the ceasing the production of Evinrude E-TEC and E-TEC G2 outboard engines. BRP's outboard engines business has faced some challenges over the last few years and the unprecedented effects of the COVID-19 pandemic on the economy accelerated the decision to stop the production of outboard engines. As a result of the unanticipated and unforeseeable need to consolidate operations and cease production of these engines, BRP is giving notice as soon as practicable.

At this time, the lay-off is affecting 363 individuals employed by BRP at the Sturtevant facility, including new and low-hour employees. Layoffs have begun on May 27, 2020. 180 employees, who are presently on temporary furlough due to the safer in place order, have been permanently laid off on May 27, 2020. The remaining affected employees will be recalled from temporary furlough but will be gradually laid off on a permanent basis between now and the end of January 2021. Exhibit A, which is attached, shows the expected schedule of separations, with the date indicated being the first date in a possible fourteen-day window for termination. Exhibit A also lists the job titles for the positions at the Sturtevant facility which are being affected.

As of today, BRP has notified all employees who are entitled to notice under the WBCL and WARN concerning these job eliminations. None of the employees are represented by a union and there are no bumping rights associated with any of the positions. This reorganization was a difficult decision, and to the extent additional notice was required, BRP intends to provide the employees who are being terminated without notice with pay in lieu of notice, even though it may not be required under the law.

If you have any questions or require any additional information, you may contact Alexandre Borduas, Senior Advisor, Public Affairs and Government Relations, at 1-514-208-1288.

Sincerely,

BRP US INC.

Jerome Fradette Vice-president HR, Marine Group
