Re: Layoff due to transfer of work pursuant to the Federal WARN Act and the Wisconsin Business Closing and Mass Layoff (WBCML) Law

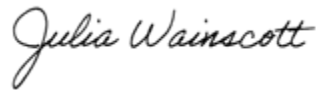

Dear Sir or Madame:

In January of 2020, employees were informed that GE Healthcare would be implementing a permanent layoff action as it is moving USCAN support functions from 9900 W. Innovation Drive, Wauwatosa, WI to other U.S. locations.

123 employees will be impacted and their last day of work will be August 31, 2020. All impacted employees will receive layoff benefits. Bumping rights do not exist. A list of job titles and number of employees is attached.

If you have any questions or require additional information concerning this matter, please contact me at (262) 395-0600 or julia.waincott@ge.com.

Sincerely,

Julia Waincott
Employee Solutions Advisor
GE Healthcare – Human Resources
