Re: Postponement of Burleigh Plant Closing/Layoffs

Dear Members of the Dislocated Workers Unit:

Briggs & Stratton Corporation (the "Company") is providing this letter to you to update information contained in our previous letter to you dated June 25, 2020, regarding the implementation of a reduction in force, and the cessation of the Company's lawn tractor, riding mower, snow thrower, and pressure washer production at the Briggs & Stratton Burleigh Plant, 3300 N. 124th St., Wauwatosa, WI 53222 (the "Facility"). The Company previously expected that production would cease effective on or about August 28, 2020. However, it now expects production will cease on September 25, 2020 due to the Company's Chapter 11 bankruptcy and COVID-19-related component supply delays.

Similarly, the Company previously expected the plant/business closure and associated layoffs and/or employment separations to commence on August 28, 2020, or during the 14-day period beginning on that date, it now expects the plant/business closure and associated layoffs and/or employment separations to commence on September 25, 2020, or during the 14-day period beginning on that date. Whereas the Company previously expected 208 layoffs and/or employment separations would take place on or about August 28, 2020, or during the 14-day period beginning on that date, due to recent voluntary resignations of employment or internal job transfers, the Company anticipates that 184 layoffs will occur on or about September 25, 2020, or during the 14-day period beginning on that date.

The Company does not, at this time, anticipate any changes as to the dates for layoff previously identified in our June 25 letter as October 30, 2020 and December 31, 2020. In addition, all other information contained in the June 25 letter is unchanged.

We are providing this letter based on information that is currently available to the Company. Should any additional information change, we will continue to update this notice as soon as practicable.

If you would like additional information, please do not hesitate to contact Rick Carpenter at (414) 259-5916 or carpenter.rick@basco.com.

Sincerely,

BRIGGS & STRATTON CORPORATION

Rick Carpenter
