Re: WARN Notification – 60-Day Notice

Dear Mr. Barrett and State Dislocated Worker Unit Staff Member:

In accordance with the State and Federal Worker Adjustment Retraining and Notification Act (WARN), due to a customer's changing business needs, we are writing to inform you of the anticipated cessation of Ryder operations located at 5211 South 3rd St. Milwaukee, WI, 53207. The customer has expressed interest in retaining as many employees as feasible.

The cessation of operations is expected to be permanent and will become effective April 1. Separation of Ryder employees is expected to commence around March 31, 2021 and we anticipate that approximately 80 employees will be affected.

Ryder is committed to retaining as many employees as possible and is working on redeployment efforts as feasible.

A listing of the job titles of the positions to be affected and the number of affected employees in each job classification is being maintained on-site, and can be provided upon request. There are no bumping rights applicable to employees terminated as a result of this cessation of operations.
