Re: Notice Pursuant to the Worker Adjustment and Retraining Notification Act

Dear Members of the Wisconsin Dislocated Worker Unit,

Multi-Color Corporation plans to permanently close its Menomonee Falls facility located at W14900 Shawn Cir N58 Menomonee Falls, WI 53051, which will ultimately result in the permanent termination of employment of 29 of the employees at the facility. While no exact date has yet been determined for the permanent facility closure, we expect that it will occur in April 2023.

I have enclosed a list of the job titles of positions to be affected by the permanent facility closure, as well as the number of affected employees within each position (Exhibit A). None of these employees are covered by a collective bargaining agreement or otherwise represented by a union.

Multi-Color has notified all affected employees that their employment with Multi-Color will permanently terminate; and all employees were notified of the effective date of their termination. The notices to employees were hand-delivered.

If you have any questions about the above information, please contact me directly at (402) 507-7042.

Sincerely,

A handwritten signature in cursive script that reads 'Stephanie Kahl'.
