Re: Facility Closure – Foot Locker Corporate Services, Inc. Oshkosh Call Center

Dear Sir/Madam:

In compliance with the Worker Adjustment and Retraining Notification (WARN) Act and the Wisconsin Business Closing and Mass Layoff Law, we are writing to provide notice that Foot Locker Corporate Services, Inc. (the “Company”) has decided to close customer care operations at our Oshkosh, Wisconsin facility. As part of the evolving omni retail environment, the Company will be centralizing its North American internal customer care team to its facility in Wausau, Wisconsin, and as a result, we are ceasing site operations at our Oshkosh, Wisconsin call center on April 28, 2023. The entire facility will be closed, all employees at the facility will be affected, and this closure is expected to be permanent.

There will be a total of 97 employees affected by this planned action at the employment site, located at 600 City Center, Oshkosh, WI 54901. The first layoff is scheduled to occur on April 28, 2023 and is expected to affect 95 employees. Two additional employees will be retained until May 31, 2023 to assist with site closure.

We have provided the appropriate notice to all of the workers who will be affected, including the contact information for the local workforce development board serving their worksite area. The affected workers are non-union employees, and bumping rights do not exist. Please see the attached Exhibit A containing the job titles of positions to be affected by this closure and the number of affected employees in each job classification.
