RE: Notice of Additional Workforce Reduction

To Whom It May Concern:

As we previously notified you, on April 3, 2025, our contract with American Airlines ended. Although we have been diligently pursuing alternative flying opportunities, recent uncertainty in the general economy and the airline industry has caused us to re-evaluate our strategy. As such, we have notified our workforce of further reductions that will impact those employees who remain in service of the Company following the March/ April 2025 reductions. Reductions are expected to become effective in June 2025 (or sooner for our unionized employees, as further explained below), and will affect the Company's operations located at:

Air Wisconsin Airlines
General Mitchell International Airport (MKE)
5300 S Howell Ave.
Milwaukee, WI 53207

Air Wisconsin Airlines
Appleton International Airport (ATW)
W6390 Challenger Dr.
Appleton, WI 54915

At this time, the reductions are expected to be temporary for our unionized employees (as required by the applicable collective bargaining agreements) and permanent for management/salaried employees. The duration of the reduction is unknown and will be dependent future opportunities, as they may arise. The resulting reduction will affect approximately 128 salaried/ management.

Attached is the list of job titles for the positions that will be affected and the number of employees in each position.

Additionally, we sent the following message to our union employees and their representatives extending the furlough period included in our January 31, 2025, WARN letter:

“On January 31, 2025, you received notice in accordance with the Worker Adjustment and Retraining Notification (“WARN”) Act. That notice informed you of a layoff expected to occur between March 31 and April 14, 2025. However, due to continued uncertainty within the airline industry and our efforts to secure alternative flying in the hopes of avoid avoiding additional employment reductions, the anticipated furlough dates in that notice are extended. It is expected that an additional furlough impacting your labor group will become effective between [April/ May XX, 2025, and April/ May XX, 2025. This furlough will be conducted in accordance with your collective bargaining agreement.”

The dates in the message are dependent on each group's collective bargaining agreement. Our intent is to implement furloughs as expeditiously as those agreements permit.

Due to language included in the applicable collective bargaining agreements, including “bumping rights”, it is impossible to predict which of the represented employees will ultimately be affected.

Each employee who may be affected by any reduction in workforce has been notified and provided with the regulatory required information. The Company will ensure that any affected employees will be paid all earned wages and agreed upon benefits at the time of separation due to any such reduction.

For further information concerning this reduction, please contact me at 920-749-4244.

Sincerely,

Tina Vos
