RE: Notice of Facility Closure

Dear Members of the Dislocated Worker Unit:

As previously communicated to you in TruVant North America's ("TruVant" or "Company") May 15, 2025 notice, due to changing business circumstances, TruVant will be closing its Prairie du Chien North facility located at 800 N. State St., Prairie du Chien, Wisconsin, 53821 (the "Facility"). The Company is providing this revised WARN notice pursuant to Wis. Admin Code § DWD 279.05 because it is postponing the termination date for three of the affected employees.

In our May 15, 2025 notice, we indicated we anticipated 44 employees would be terminated on or around July 15, 2025. Since then, we have determined we need to extend the separation date for three of the affected employees in order to assist with winding down operations at the Facility. As a result, we anticipate laying off two affected employees on July 31, 2025 or within 14 days of that date. Finally, we anticipate laying off one affected employee on September 15, 2025, or within 14 days of that date. We anticipate the remaining 41 employees will be terminated as planned on July 15, 2025.

We are also providing notice of the postponed termination dates to the three affected employees and the Prairie du Chien Mayor.

Should you have any other questions, please do not hesitate to contact me at 608-326-4426 or by email Brita.Prew@TruVant.com.

Sincerely,

A handwritten signature in black ink, appearing to read 'Brita Prew', written over a horizontal line.
