Re: Notice of Wausau Equipment LLC, New Berlin Plant Closure

As previously communicated to you in Wausau Equipment Company's ("Wausau" or "Company") October 8, 2025, WARN notice, due to changing business circumstances, the Wausau Equipment, New Berlin facility on 1905 S. Moorland Road is closing the location. The Company is providing this revised WARN notice pursuant to Wis. Admin Code DWD 279.05 because it is postponing the termination date for eight of the affected employees.

In our October 8, 2025, notice we indicated we anticipated 67 employees would be terminated on or around December 7, 2025. Since then, we have decided we need to extend the separation date for eight of the affected employees in order to assist with winding down operations at the Facility. As a result, we anticipate laying off the eight affected employees on December 12, 2025. We anticipate the remaining employees will be terminated as planned on December 7, 2025.
