StudentTracker Agreement for Outreach Programs

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the National Student Clearinghouse, a not-for-profit corporation organized under the laws of the Commonwealth of Virginia ("Clearinghouse") and the undersigned college outreach program ("Program") agree as follows:

1. The Clearinghouse provides a nationwide, central repository for student record data for postsecondary educational institutions that have appointed the Clearinghouse as their agent for purposes of reporting the enrollment and educational achievements of their students to authorized recipients.

2. At any time during the contract period, the Outreach Program ("Program") may submit to the Clearinghouse lists ("Request Files") of persons in order to obtain data on their enrollment status and educational achievements at educational institutions. The Program agrees to format and submit Request Files in accordance with Clearinghouse published specifications.

3. The Clearinghouse will promptly compare Request Files with its database and provide the Program with information ("Response Files") on the enrollment and academic achievements of the individuals in the Request Files that are provided by postsecondary institutions to the Clearinghouse. Characteristics and limitations on the use of the information in the Response Files are as follows:

a. The Program agrees that its use of the data provided by the Clearinghouse is limited as follows: To complete federal mandated reports under the Workforce Innovation Opportunity Act. Requestor agrees that it will communicate data contained in StudentTracker Response Files to individuals within its own organization, as well as the U.S. Department of Labor, Employment Training Administration and the U.S. Department
of Education, Rehabilitation Services Administration. Directory level information only can be shared with these departments for the purpose of completing federal mandated reports. The data, in aggregate form, may be used in conjunction with other collected data and shared with funding entities; published on the Program’s website, in higher education and research journals, or papers; or presented in higher education or research forums.

b. The Program agrees that it will not release data provided by the Clearinghouse to any other individuals, institutions, or organizations, other than those identified above, either in student or institution identifiable form, without the Clearinghouse’s express written permission.

c. In the event the Program is required to disclose any data provided hereunder (specifically including, but not limited to, information which could potentially identify individuals or specific postsecondary institutions) pursuant to any applicable statute, law, rule or regulation of any governmental authority or pursuant to any order of any court of competent jurisdiction, the Program must provide the Clearinghouse prompt notice of such request for disclosure and reasonably cooperate with the Clearinghouse’s efforts to obtain a protective order. The parties further agree that any exclusion effected pursuant to this provision is authorized only to the minimum extent necessary to allow the Program to comply with a legal rule or order compelling the disclosure of information and shall not constitute a general waiver of the obligations of confidentiality under this Agreement.

d. Regarding postsecondary data, the parties agree that the Clearinghouse does not release or confirm Social Security numbers under this Agreement, unless:

1) the Program warrants that signed and dated consent forms have been received from students (or their parents if they are not “eligible students” as defined in FERPA); and

2) the Program has submitted a sample consent form to the Clearinghouse for review to ensure that it meets FERPA requirements for consent to release of education records. In the absence of such proof of consent, the Clearinghouse will release to the Program only unblocked directory information, as defined in FERPA.

e. In the event the two conditions outlined in 3.d. above are met, the Program may use the Clearinghouse’s StudentTracker website to track the enrollment status and educational achievements of its students, for program evaluation and reporting purposes, following procedures reasonably required by the Clearinghouse. In that situation, the Program agrees to ensure that their authorized personnel utilize the Clearinghouse’s secure website only for the purposes of enrollment and academic achievement information for their program’s participants.

f. The Clearinghouse agrees to destroy all personally identifiable, non-directory information received from the Program when it is no longer needed for audit or similar regulatory purposes.

4. The Clearinghouse specifically disclaims any responsibility or liability for errors or omissions in information provided by educational institutions, including direct, indirect, incidental, special, or consequential damages resulting from the Program’s use of information released by the Clearinghouse under this Agreement.

5. In consideration of the services provided by the Clearinghouse under this Agreement, the Program agrees to pay the Clearinghouse a fee of $2,500.00 for the first year of service. Contract must be renewed by the Program annually.

6. This Agreement may be modified by written, mutual agreement of the parties and remains in effect until terminated by either party, by providing thirty (30) days written notice to the other party. The Clearinghouse may assign this Agreement without consent to a successor or wholly owned subsidiary.

7. The Clearinghouse uses its best efforts to review, interpret and follow publicly-disseminated guidance on FERPA in the development and operation of StudentTracker and provides for the release of only unblocked directory information, unless FERPA authorizes release without consent. The Program is solely responsible for its compliance with FERPA, and the Clearinghouse is not liable for any errors or omissions by the Program in using StudentTracker that may give rise to FERPA violations. Both the Clearinghouse and the Program agree to comply with all applicable Federal, State, and local statutes, regulations, and other requirements pertaining to the security, confidentiality, and privacy of information maintained by the Clearinghouse.

8. The Program agrees to acknowledge in all internal and external reports, presentations, publications, press releases, and/or research announcements that utilize StudentTracker data that the source of the data is the StudentTracker service from the National Student Clearinghouse.
9. Both parties agree to provide all notices under this Agreement to the signatories and addresses below, unless otherwise instructed in writing.

Standard Terms and Conditions Request

1.0 SPECIFICATIONS: The specifications in this request are the minimum acceptable. When specific manufacturer and model numbers are used, they are to establish a design, type of construction, quality, functional capability and/or performance level desired. When alternates are bid/proposed, they must be identified by manufacturer, stock number, and such other information necessary to establish equivalency. The State of Wisconsin shall be the sole judge of equivalency. Bidders/proposers are cautioned to avoid bidding alternates to the specifications which may result in rejection of their bid/proposal.

2.0 DEVIATIONS AND EXCEPTIONS: Deviations and exceptions from original text, terms, conditions, or specifications shall be described fully, on the bidder's/proposer's letterhead, signed, and attached to the request. In the absence of such statement, the bid/proposal shall be accepted as in strict compliance with all terms, conditions, and specifications and the bidders/proposers shall be held liable.

3.0 QUALITY: Unless otherwise indicated in the request, all material shall be first quality. Items which are used, demonstrators, obsolete, seconds, or which have been discontinued are unacceptable without prior written approval by the State of Wisconsin.

4.0 QUANTITIES: The quantities shown on this request are based on estimated needs. The State reserves the right to increase or decrease quantities to meet actual needs.

5.0 DELIVERY: Deliveries shall be F.O.B. destination freight prepaid and included unless otherwise specified.

6.0 PRICING AND DISCOUNT: The State of Wisconsin qualifies for governmental discounts and its educational institutions also qualify for educational discounts. Unit prices shall reflect these discounts.

6.1 Unit prices shown on the bid/proposal or contract shall be the price per unit of sale (e.g., gal., cs., doz., ea.) as stated on the request or contract. For any given item, the quantity multiplied by the unit price shall establish the extended price, the unit price shall govern in the bid/proposal evaluation and contract administration.

6.2 Prices established in continuing agreements and term contracts may be lowered due to general market conditions, but prices shall not be subject to increase for ninety (90) calendar days from the date of award. Any increase proposed shall be submitted to the contracting agency thirty (30) calendar days before the proposed effective date of the price increase, and shall be limited to fully documented cost increases to the contractor which are demonstrated to be industrywide. The conditions under which price increases may be granted shall be expressed in bid/proposal documents and contracts or agreements.

6.3 In determination of award, discounts for early payment will only be considered when all other conditions are equal and when payment terms allow at least fifteen (15) days, providing the discount terms are deemed favorable. All payment terms must allow the option of net thirty (30).

7.0 UNFAIR SALES ACT: Prices quoted to the State of Wisconsin are not governed by the Unfair Sales Act.

Bids/proposals MUST be date and time stamped by the soliciting purchasing office on or before the date and time that the bid/proposal is due. Bids/proposals date and time stamped in another office will be rejected. Receipt of a bid/proposal by the mail system does not constitute receipt of a bid/proposal by the purchasing office.

9.0 METHOD OF AWARD: Award shall be made to the lowest responsible, responsive bidder unless otherwise specified.

10.0 ORDERING: Purchase orders or releases via purchasing cards shall be placed directly to the contractor by an authorized agency. No other purchase orders are authorized.
