### **Automotive Technician**

Youth Apprenticeship

#### **AUTOMOTIVE TECHNICIAN**

Automotive Technician youth apprentices gain skills related to the preventative maintenance and repair of automobiles and light trucks. Youth apprentices are emersed in the evolving automotive technology and integrated systems. Apprentices must adhere to industry safety and security standards.

Length of Apprenticeship: One or two years

#### **OCCUPATIONAL COMPETENCIES**

Automotive Technician youth apprentices work with a job site mentor to demonstrate the following competencies. Youth apprentices must complete the **NINE** Competencies in Year 1. Youth apprentices must complete **NINE** competencies in Year 2. Employers can substitute up to 1 competency per year with other occupationally appropriate skills. Substitutions must be added to the competency list for assessment. Note that where necessary, skills can be simulated.

The On-the-Job Learning Performance Standards Guide includes a list of competencies youth apprentices learn through mentoring and training at the worksite.

Instructions for the Worksite Employers/Mentors and School-Based or YA coordinators: This document should be reviewed with the employer/mentor, school-based or YA coordinator on a regular basis with the youth apprentice to record progress and plan future steps to ensure completion of the required competencies. #### **EMPLOYABILITY SKILLS (TO BE COMPLETED BY YA EMPLOYER/MENTOR)**

Youth apprentices must demonstrate key employability skills.

The DWD YA program employability skills requirement may be attained and demonstrated through two processes. (See options listed below.) Employability skills must be completed for every year a student is in the program. The DPI Employability Skills Certificate may be counted as meeting one of those two years, provided the certificate is earned in the same year the student is enrolled in youth apprenticeship or they can complete the YA Employability Skills in the OJL. The Employability Skills Certificate must be obtained through the DPI.

- 2. Completed and rated "Employability Skills" through this YA OJL guide as described below.
- Exceeds Expectations: Exceeds entry-level criteria; requires minimal supervision; consistently displays this behavior
   Meets Expectations: Meets entry-level criteria; requires some supervision; often displays this behavior
   Working to Meet Expectations: Needs improvement; requires much assistance and supervision; rarely displays this behavior

The following skills are required of all youth apprentices.

Title of the position offered:				
What is the wage of the continuing employment offer?				
If applicable, will the youth apprentice advance to a Registered Apprenticeship?				

#### YA POST-PROGRAM COMPLETION SURVEY: COMPLETED BY YA CONSORTIUM

The <u>Post-Program Completion Survey</u> form is to be provided to each student completing the Youth Apprenticeship program to capture information on the student's plans after leaving the program. This **form should be completed by the Youth Apprenticeship Coordinator** to capture information from all high school seniors and their employers after successful completion of the Youth Apprenticeship Program.

The form should be completed during the final meeting between the student, mentor, and Youth Apprenticeship Coordinator, when the final checklist or On-the-Job Learning (OJL) Guide is filled out and signed. Information captured on this form must be entered online using the Bureau of Apprenticeship Standards Electronic Records System (BASERS).
