## Unemployment Insurance Coverage for Agricultural Workers

The Wisconsin Unemployment Insurance Law (Chapter 108, Wisconsin Statutes) requires the coverage of certain employers of agricultural labor.

108.02(2) Agricultural Labor. "Agricultural Labor" means service performed:

- a) On a farm, in the employ of any person, in connection with cultivating the soil, or in connection with raising or harvesting any agricultural or horticultural commodity, including the raising, shearing, feeding, caring for, training, and management of livestock, bees, poultry, and fur-bearing animals and wildlife.
- b) In the employ of the owner or tenant or other operator of a farm, in connection with the operation, management, conservation, improvement, or maintenance of such farm and its tools and equipment, or in salvaging timber or clearing land of brush and other debris left by a hurricane, if the major part of such service is performed on a farm.
- c) In connection with the production or harvesting of any commodity defined as an agricultural commodity in S. 15(g) of the Federal Agricultural Marketing Act, as amended (46 Stat. 1550, s.3; 12 U.S.C 1141 j) or in connection with the ginning of cotton or in connection with the operation or maintenance of ditches, canals, reservoirs, or waterways, not owned or operated for profit, used exclusively for supplying and storing water for farming purposes.
- d) In the employ of the operator of a farm in handling, planting, drying, packing, packaging, processing, freezing, grading, storing, or delivering to storage or to market or to a carrier for transportation to market, in its unmanufactured state, any agricultural or horticultural commodity; but only if such operator produced more than one-half of the commodity with respect to which such services is performed.
- dm) In the employ of a group of operators of farms (or a cooperative organization of which such operators are members) in the performance of service described in par. (d), but only if such operators produced more than one-half of the commodity with respect to which such services is performed.
- dn) The provisions of pars. (d) and (dm) shall not be deemed to be applicable with respect to services performed in connection with commercial canning or commercial freezing or in connection with any agricultural or horticultural commodity after its delivery to a terminal market for distribution for consumption.
  - e) As used in this subsection, the term "farm" includes stock, dairy, poultry, fruit, fur-bearing animals and truck farms, plantations, ranches, nurseries, ranges, greenhouses, or other similar structures used primarily for the raising of agricultural or horticultural commodities and orchards.

If you have had sufficient agricultural employment (10 employees on a day in 20 different weeks of the year) or a sufficient agricultural payroll (\$20,000 in cash wages paid in any calendar quarter) your tax liability is **retroactive to January 1** of the year in which the condition occurred.

Taxes are assessed on the first \$14,000 in wages paid to each employee within a calendar year. The new employer tax rate for 2025 is 3.05%.
