*The Migrant Population Report reflects the number of workers eligible for protection under Wis. Stats. 103.90-103.97, whose presence in Wisconsin was verified by DWD Migrant Labor Inspectors.

**Non-workers are non-working family members of protected migrant seasonal farmworkers. The non-worker population may not represent the total number of non-workers in the state.

The data provided in this report is a record of the Department's enforcement activities and does not purport to provide comprehensive data about the migrant seasonal farmworkers in Wisconsin.

2018 H-2A Population Report

This report reflects the number of foreign workers that were approved for temporary agricultural hire to fill jobs essential to the U.S. economy. Employers obtained certification after they demonstrated that there were insufficient qualified U.S. workers available and willing to perform the work at wages that meet or exceed the prevailing wage paid for that occupation in the area of intended employment.
