Completed Weeks of Unemployment estimates the number of insured workers unemployed in a week. It is determined by adding the Continued Claims and those claiming Out-of-State benefits through Wisconsin. It only counts those receiving State funded unemployment insurance and not those receiving special unemployment assistance or benefits for ex-servicemen or Federal employes.

The Insured Unemployment Rate measures only the joblessness among those workers covered by the State Unemployment Insurance Law who are receiving State funded benefits. The IUR is not a "Wisconsin unemployment rate". Some workers are not covered by the State Program.

The IUR is determined by dividing the Completed Weeks of Unemployment by Wisconsin's average monthly covered employment (2,651,170) for the twelve month period ending June 30, 2012.

An **Additional** claim is a claim which reports a job break within an established benefit year.

A **Transitional** claim is a request to establish a successive benefit year dated as of any date in the 7-day period immediately following a week for which benefits were claimed. (This type of claim does not show a new unemployment spell, just a shift between benefit years.)

A **Compensable Week** is a calendar week of unemployment for which UI benefits have been claimed by partially or totally unemployed worker. This claim is also referred to as a **continued claim**.

An **Intrastate** claim is a claim taken in Wisconsin based on work for a Wisconsin employer.

An **Interstate Liable** claim is a claim taken in another state based on work for Wisconsin employers.
