POST SECONDARY CREDITS

Wisconsin Technical College System

Graduates of one-year or two-year Health Science Youth Apprenticeship programs may be awarded credits in Wisconsin Technical College programs. Each Technical College may grant credit through specific local articulation agreements. Contact the local technical college to determine the number and type of articulated credits available for Health Science YA. The credits may be taken as technical college courses within Youth Apprenticeship programs or may be granted through advanced standing agreements when students enroll in the technical college.

In addition, YA students should request a credit evaluation of their YA classroom and work experiences upon admission to the local technical college under the Wisconsin Technical College System "[Credit for Prior Learning Policy](#)" #323 and through the [WTCS-YA Credit Articulation Guidance Document](#).
