The Leisure and Hospitality industry is rapidly expanding as more people are able to experience international travel. All over the world, better equipped and more lavish hotels, resorts, tours, events and attractions are attracting even more willing travelers for business or pleasure. Accommodation and Food Services industry, a sub-sector of Leisure and Hospitality sector, is projected to grow by 11.4 percent between 2006 and 2016, creating 1.28 million jobs in the U.S. (Source: U.S. Bureau of Labor Statistics).

The Hospitality, Lodging, and Tourism Youth Apprenticeship Program was designed with the needs of employers in mind. Employers have expressed concern finding workers who possess basic “soft-skills,” which is often a prerequisite for success in a customer service-oriented field. Additionally, hospitality careers are stereotyped as low-wage and entry-level with little opportunity for advancement. Faced with a shrinking pipeline of workers, this program was revised with representatives from hospitality, lodging, and tourism services associations to meet the needs of you, our hospitality, lodging, and tourism employers.

By working with the Hospitality, Lodging, and Tourism Youth Apprenticeship Program you make an investment in the young people in your community. You will have a dependable recruitment pipeline to an entry level workforce that can be used to increase workforce diversity and provide supervisory opportunity for staff. You will be directly involved in the economic development efforts of your community as well as become a part of the creation of highly skilled workers, an excellent point in any public relations marketing.

Wisconsin Youth Apprenticeship (YA) is a rigorous program that combines academic and related technical classroom instruction with mentored on the job learning for high school students. By training youth apprentices, employers play an active role in shaping the quality of their future workforce, improving the skill level of potential workers, and enhancing their competitive positioning in the marketplace. Employers, school districts, local consortiums, parents, and potential YA students are referred to the Youth Apprenticeship Program Operations Manual for general YA Program requirements.
Objective

The Wisconsin Hospitality, Lodging, and Tourism YA Program is designed to provide students with a working understanding of core employability and hospitality and tourism services skills, as well as occupationally specific skills that serve as the standard for occupational pathways in the Hospitality and Tourism industry. This program provides the framework for educators and industry to work together to produce work-ready, entry-level employees that will compete favorably in a global market, as well as, provide for post-secondary educational advancement while integrating work-based learning in the school and worksite.

The following features distinguish a YA Program from other similar youth school to work programs.

- Level Two Youth Apprenticeship is a two-year program for high school juniors and seniors with an interest in a particular field; i.e., hospitality and tourism services. One-year Youth Apprenticeship Programs are also available to pursue.
- Youth apprentices, parents, employers, YA program coordinators, and school districts enter into a written agreement approved by the Department of Workforce Development.
- Statewide skills are established by the industry, making the youth apprentice skill set more relevant to the state's employers.
- Youth apprentices are trained at the worksite by skilled mentors and are paid minimum wage or better for their work. Students average 10-15 hours/week.
- Youth apprentices receive a high school diploma and a Certificate of Occupational Proficiency from the Wisconsin Department of Workforce Development (DWD) at graduation.
- Youth apprentices may receive advanced standing credit and/or transcripted credit for the YA Program at a Wisconsin Technical College and/or at some four year colleges. See Appendix F for current details.
- Statewide skill standards focus on skills and knowledge needed by employers for entry level employment in the hospitality and tourism industry.

Students apply and are interviewed by hospitality and tourism industry employers for positions in the Hospitality, Lodging, and Tourism YA Program. The state approved skill standards and program guide for the Hospitality, Lodging, and Tourism YA Program are used in both the classroom instruction and worksite learning. If the local school district is unable to provide the related technical classroom instruction courses, they may contract with their local technical college or employer practitioners to do so.

The skill standards are competency based. Competencies are performance-based outcome statements of occupational related skills defined by representatives of hospitality, restaurant, and lodging worksites throughout Wisconsin and aligned with national skill standards. The competencies in the program include many of the standards and knowledge statements outlined in the National States’ Career Cluster Skill Standards for Hospitality and Tourism, www.careerclusters.org, the Secretary’s Commission on Achieving Necessary Skills (SCANS), the American Hotel and Lodging Educational Institute’s Lodging Management Program (www.ei-ahla.org), and the National Restaurant Association ProStart® program (http://www.nraef.org/prostart/).
The competencies will be taught at the worksite in combination with supportive, related technical classroom instruction. While the skill competencies are established statewide, program implementation and oversight occurs through local consortium committees to assure local needs are met.
